We are looking to appoint an excellent SEN Teacher (preferably with experience of EYFS, although this is not essential), with a passion and drive for working with young people with complex learning needs.

Kingsbury Academy is a Special School based in Coventry (approximately 92 pupils on roll); the majority of our children have a diagnosis of Autism, while many other children have additional needs, including moderate to severe learning difficulties

Kingsbury Academy is seeking an exciting and innovative teacher, who will enjoy excellent resources and be provided with a stimulating environment. You will teach core and creative subjects in an adaptable framework that compliments each pupil's stage of learning.

We are looking for high quality, caring professionals who have high expectations of themselves and their students. We need teachers who can engage and challenge students with complex learning needs to develop a lifelong love of learning and fulfill their potential.

If you have a proven track record of making a difference to the learning journey of young people with SEN, can deliver high quality teaching and have a natural enthusiasm for improving the lives of our pupils, then this could be the job for you.

Special educational need experience is desirable for this position and NQTs with a strong SEN background are welcome to apply.
